TEC TEC Certified product.	⚠ Product does not meet requirement that you indicated was mandatory.

TEC Certified products have met the stringent requirements set forth by our analysts. The graph below provides an overview of the relative strengths and weaknesses of the selected products, based on your answers to the questionnaire. The numbers along the outside of the graph correspond to the question numbers. The numbers down the middle (0, 20, 40, 60, 80, 100) represent the product's ability to meet your needs, expressed as a percentage.
Discrete Manufacturing (ERP)

ABW — BilTAY Tekonoloji SCIENTA — BizITS

The chart below is based on a comparison of the answers you provided against your selected products' functionalities, and shows the overall ratings.
